

As a resident of a local community that K-LOVE serves on 104.3 FM, I feel it is imperative to voice my support of this station, the importance of its content to me, my family, and my community. K-LOVE provides the best family oriented programming. It is positive, uplifting, informative and meets a very real need for something everyone in the family can listen to. K-LOVE provides information about events in our local community and surrounding area, plus it informs about what is going on across the country.

I feel it would be a monumental loss to me and my community for K-LOVE to be replaced by a Low Power FM station. The programming on K-LOVE is excellent quality, informative, but always with a positive, non-offensive presentation. That kind of programming is essential to our local community. That is why I believe K-LOVE provides a service that is in the public interest and is very much needed here in my area, but also across the country.
